Dear Mr. Secretary-General,

Your kind message of condolence to me on the tragic death of my Prime Minister and other friends was very heartening indeed. I hastened to transmit it to my Government, which I am sure will receive it with deepest sentiment and appreciation.

I am quite certain that the support of the United Nations to my country and to the principle of peace and stability in our region, which support has been impressively manifested by your splendid efforts shall continue to be demonstrated in all circumstances.

The Arab East is passing through trying events. The efforts of the United Nations in this respect, are, therefore, of primary importance.

Allow me to conclude by thanking you wholeheartedly for your noble sentiments, and for sending me a copy of your cablegram to His Majesty the King.

(Handwritten note)

Dear Mr. Hammarskjöld,

I received your notes just now, and on my way to see Mr. Mahmoud Fawzi. I regret what was said on Amman Radio regarding UNEF as much as you do, especially while we are making joint efforts. I am therefore contacting Amman immediately on this matter and am sure that such expressions by the Radio will be stopped.

I talked to Samir today and am contacting him again, along the line you know of. I shall report to you very soon on everything.

With highest regards,

Sept. 21, 1960
