Sec. Gen. — to William Tubman (President of Liberia)

Monrovia, 24 December 1959

Dear Mr. President,

As a token of gratitude for the generous reception you have given me and my colleagues during our all too short stay in Monrovia, I would like to present to you this example of modern Swedish silverwork.

I avail myself of this opportunity to reiterate to you my very best wishes for your personal well-being and prosperity for the Liberian people.

Yours sincerely,

Dag Hammarskjöld.

His Excellency William Tubman,
President of Liberia,
Monrovia.
