SECRETARY-GENERAL'S RECORDED MESSAGE TO UNEF ON UN DAY

On this United Nations Day I wish to extend a special message of greeting to the United Nations Emergency Force and to its Commander. You have earned the thanks and gratitude of the World Organization for the hard and successful work that has gone into the organization of the Force, and for its notable contributions in restoring calm to the area. For you, the men of UNEF, duty along the Gaza demarcation line and in the Sinai desert may sometimes be wearisome. But you can take pride in a job well done. You have distinguished yourselves by your vigilance and your devotion. You are continuing to render a signal service in the cause of peace.
