Personal and confidential

8 May 1953

Dear Dr. Chisholm,

The Secretary-General has asked me to thank you for your personal and confidential letter of 1 May and to tell you how much he appreciates your invitation. He is arranging his schedule so as to attend a meeting of the World Health Assembly on the 22nd, in accordance with your suggestion. On Thursday the 28th, the day of the opening of the Executive Board, he will have to be in Berne, and on the morning of the 29th he has promised to attend and address the meeting of the ILO Governing Body. If it is at all possible, however, he would hope very much to have an opportunity of meeting briefly with the Executive Board and also with the WHO Regional Directors and senior officials of the WHO staff. He will be glad to discuss arrangements with you when he sees you on the 22nd.

With warmest regards,

Yours sincerely,

Martin Hill
Director of Co-ordination
for Specialized Agencies
and Economic and Social Matters.
