Mr. Dag Hammarskjöld
Secretary General
United Nations,N.Y.

Dear Mr. Hammarskjöld:

My name is Otto Nelson,formerly of Chicago Ill.but now residing at Miami,Fla.
I noticed in Miami Daily News that you are coming to Miami,december 26.Last summer my wife and I visited Sweden and also made an extended tour of several european countries as well as North Afrca,where we stopped at Cairo,Egypt continuing to Bejrut,Lebanon,Damascus,Syria,and Ammon Transjordan.We visited both the arabic and jewish sections of the Holy Land.On our return trip we visited the island of Cypress,Athens Greece,several Cities in Italy,Switzerland,Germany and back home to Sweden.While traveling in the various countries I was interviewed by individuals concerning the conditions in Amerca since Mr. Eisenhower became President.My answer was:We must give our President time to work out a program for our nation which will benefit all american citizens.They all seemed to think that Mr Eisenhower was the right man to lead the right thinking forces to a free world. Upon our return to,Sweden I wrote a letter to the president informing him of the opinions given me in the countries visited.Mr. Eisenhower kindly answered and thanked me for my comments.

I am showing a colored film at the Covenant Palms 840I N.W. 27 ave.in Miami tuesday Dec. 29 at 7.30 p.m.Would it be possible for you to attend this event?We would like to have you give a greeting at this time,either in swedish or english.The Covenant Palms is an Old Peoples Home started here 3 years ago by the Mission Covenant Church of America(Missionsforbundet).At present there are about 30 retired people living there.Others have been invited so the attendance will most likely be about 100.I would like to know when you arrive in our city so I can be on hand and take some moving pictures of you and your party. Would appreciate an early answer.

Sincerely yours

Otto Nelson
