Dear Dag:

Thank you for your letter about the Children's International Summer Village. Dr. Doris Allen had already provided our office with some material on the organization and one of the officers has been in to give us more background information. As you say, the basic approach has certain merit and appeal and the matter of possible assistance will be carefully considered. Although I am not at all sure that help can be given to the undertaking, your thought in writing me about it is appreciated. If the decision cannot be favorable, I am sure you will understand that it is not from any lack of recognition of the objectives of the project.

With kind regards, I remain,

Sincerely,

David Rockefeller
