Atomic Energy.

Dear Mr. Shepherd:

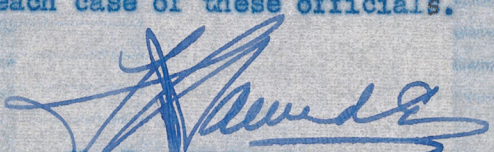

I confirm cable sent to you today as per copy attached. Attached also is details of the space which has been arranged, with the full title of each member of this Party.

You will notice that Messrs. Hammarskjold, Whitman and Urquhart will be in Paris during the conference in question and we would very much appreciate your doing all you possible can to assist the Party in any arrangements they may require, also for the passage of Mr. Vavilov to Geneva. The movements of Mr. Tchernychev have not yet been decided upon but I know you will do everything possible on his request.

I would value very much your being kind enough to get in touch with Mr. Blickenstaff who as you know is Director of the Department of Public Information in Paris and consult with him regarding the arrangements he wished you to make, if any, for transportation from arrival at Paris, and also on their departure.

However in any event will you please have a representative at the airport on the arrival and departure in each case of these officials.

With kindest regards.
