Letter from D.H. — to Wallace K. Harrison (Architect, 18.7.54)

20 May 1955

Dear Wally,

I wish to inform you that I have just had word from my friend, the Managing Director of the Swedish Iron Ore Company, that a block of iron ore of the desired dimensions has finally been found in one of their mines. The block, which seems to be satisfactory, is at present being carefully inspected by experts. If it is found to be hard enough and without any rifts, it is suggested that the basic scraping of the block should be done in Sweden but that the final finishing of the surface be done in New York in accordance with our requirements.

I am sending you under separate cover a sample of the type of iron ore in the block.

With kind regards,

Sincerely yours,

Dag Hammarskjold
Secretary-General

Mr. Wallace K. Harrison,
45 Rockefeller Plaza,
New York, N. Y.
