Dear Mr. Mayor,

I am grateful to you for your letter of support sent on the occasion of the Fifteenth Anniversary of the United Nations. I was also glad to note the support that you are giving to the United Nations in your area.

We are trying to follow in our day-to-day policies here the guidance provided by the Charter in maintaining peace and promoting human welfare. We continue to believe that these objectives, so vital to humanity, are in fact widely supported by peoples everywhere.

With kind regards.

Very sincerely yours,

Dear Mr. Schutz,

I am grateful for your letter of 8 September regarding our work in support of peace. I agree with you that Africa is going to mean a great deal to the whole world in a very short time. With your twenty-eight years of experience in Sierre Leone you have a fair understanding of the great influences at work there. I would love sometime to exchange views with regard to developments in this great continent as well as their impact upon the rest of the world

I note your reference to Mr. Clark Thomas and his special knowledge of Sierre Leone. Would it not be a good idea for you to write to the new Secretary of State with the suggestion that Mr. Thomas might attend the independence celebrations next April. I agree with you that his experience in Sierre Leone and his flair for writing would be most helpful in giving the American public a proper interpretation of that country and of all African problems.

I had the pleasure of being on the same program with Dr. John Karefa-Smart last January at Hanover College, Indiana. He made an excellent impression.

Again May I say that I was deeply touched by your letter of support.

Mrs. Cordier joins me in extending warm regards to you and Mrs. Schutz.

Dear Dean,

I am deeply grateful for your letter of 5 October, as well as the attached letter signed by Mr. Paul Riddick, President of the Phi Delta class of the Methodist Church of La Grange. I brought your letter and that of Mr. Riddick to the attention of the Secretary-General and he joins me in expressing his gratitude for your support.

Almost without exception the countries outside of the Communist bloc have rallied to the support of the Secretary-General and to the policies which he has been pursuing. We shall, in fact, continue these policies with determination and energy. They are constructive and positive and in the interests of individual nations as well as humanity as a whole.

With warm regards.

Dear Jonathan,

Thank you for your much appreciated letter of 25 September with its expression of support for the efforts of the Secretary-General and myself and our colleagues in these strenuous times.

I remember our happy days together at Manchester. While then we tried to make history real to each other, now I seem to be playing a part in the making of history. My deep hope is that the crisis that we are now facing may be resolved peacefully.
