SUBJECT:

I have been wanting to thank you for the Staff Day entertainment and now want to express my appreciation of being invited to the U N Day concert. I just have to thank someone and it might as well be you.

On Staff Day you surely were a most cordial host and as we have had you in our many homes via T V so often we felt you were a friend who had invited us to visit you and felt right at home.

Last night's concert was perfectly beautiful and I don't believe there could have been anyone there who did not appreciate it to the fullest extent.

I am only here since August with Unicef on a temporary basis till Christmas but only wish it was a permanent position for I am enjoying working here so very much after a long absence from work while raising a family. It is such a pleasure to meet so many people of different faiths and races and see how well they get along with each other and have so much respect for each other's rights and feel that if the people here can get along so well that with understanding and arbitration of differences carried on in the General Assembly and with you and President Maza at the helm there assuredly is promise of great and grand things to come in our generation.

Thanking you again and I hope I can stay on at U N for some time and be able to attend another of the Staff Day celebrations.

Sincerely,

Grandma
