Dear Mr. Symonds,

Since returning to Headquarters, I wish to thank you for the kind reception you gave me during my visit to your office. I was very glad to be able to come, and it was a pleasure for me to have had this opportunity of seeing your office and meeting members of your staff as well as the experts engaged in Yugoslavia in this important field. What I heard from you and the experts about your activities added much to my understanding of the problems and possibilities facing you.

Yours sincerely,

Dag Hammarskjöld
